

# SCOO Steak-Out at the Stackhouse's

Fifty Premium Ribeye Steaks were grilled to perfection on the lawn facing Gideon Creek. Some attendees came by boat and dinghy, some drove their cars, and one couple even walked to the annual steak-out. Yesterday's breeze kept everyone comfortable for this safe outdoor gathering that provided the opportunity for everyone to enjoy good food and drinks, relax, socialize, and purchase much needed SCOO merchandise.

No words sufficiently describe the popular, impressive, and delicious potluck side dishes and desserts that were presented. The hosts are grateful to everyone for all their effort in making all the wonderful dishes, as well as those who assisted with the clean-up.

Our Commodore introduced George Dufek and Bob & with their handbook and

them at future SCOO events. We were also who arrived home Wednesday from their six

two new members, Marjorie & Julie Wiegand, and presented them burgee. We look forward to seeing happy to see Donna and Jerry Lou month Bahama cruise.

As a friendly reminder, there are a couple of volunteering opportunities on the board and cruise captains are needed in June for events that coincide with the extended Chesapeake Cruise.

## Cruise Captains

Ann & Charles Stackhouse

Carl Franklin & Joanna Harrell
